Dr. Bitar is a board-certified plastic surgeon who specializes in aesthetic surgery, specifically face-lifts, neck-lifts, the non-surgical Model Lift, rhinoplasties, breast surgery and high-definition liposuction.

George Bitar, MD, FACS

BITAR COSMETIC SURGERY INSTITUTE

Founder of the Bitar Cosmetic Surgery Institute, Beirut-born Dr. George Bitar is an award-winning board- certified plastic surgeon and a student of the globe—he’s studied the most advanced aesthetic surgery techniques during an international fellowship with six of the world’s most renowned plastic surgeons in Brazil, Australia, South Africa, London, New York and Beverly Hills. He speaks Arabic, French and English fluently.

Dr. Bitar has performed over 20,000 aesthetic procedures since opening his institute in 2002, which features a state-of-the-art surgery center, a world-class Medspa and a patient-oriented staff. He also heads the only accredited fellowship training program in a private practice in the Washington, DC area. The program is accredited by the American Society of Aesthetic Plastic Surgery and is one of only 26 in the country.

He developed the Model Lift, a highly sought-after non-surgical facial rejuvenating procedure that enhances the patient’s facial structures within minutes! Dr. Bitar is also well-known for his signature suture-suspension neck-lift, ethnic rhinoplasties, revision rhinoplasties, breast augmentations from the armpit, Brazilian Buttock lifts and high-definition liposculpture. Dr. Bitar’s medical spa offers the latest in non-surgical cosmetic treatments for facial rejuvenation and body contouring. These include: Ultherpay for skin tightening, Coolsculpting for fat reduction, Exilis Ultra for skin tightening and EMSculpt for muscle building. Also offered are Hydrafacials, Botox® and facial fillers, microneedling and various laser treatments. The Institute is also one of the first practices in the DC area to introduce Qwo™, the only FDA-approved injectable for reducing the appearance of cellulite. In his free time, Dr. Bitar keeps a strong focus on fostering change in the community, organizing and participating in fundraisers for the Leukemia and Lymphoma Society (he was their National Man of the Year in 2006), Safe Spot Children Advocacy Center, American Red Cross, Second Chance Employment Services & Innocents at Risk.
